### MRS. SANDERS ENTERTAINS AT THE KEMP KORT

This week's round of social activities found Mrs E E Sanders hostess twice, following her bridge party of Thursday with a "Tea Dansant" at the Kemp Kort dining room. This form of afternoon tea is an innovation much favored in the northern cities by clever hostess during the season just past and received and promises to be very popular here. The dining room had been decorated in an entirely charming manner with wild flowers in natural effects and ferns in abundance The tables had been moved aside to make room for the dancers and Katz orchestra furnished inspiring music to which the guests were pleased to tango, hesitate and execute other modern dances. In an alcove a tea table was placed covered with snowy linen, a tall cut glass vase of roses forming the centerpiece. Here ice tea was poured throughout the afternoon whenever refreshments were desired, accompanied by a bouffet luncheon of sandwiches, rock cakes and cherries While the weather was threatening outside, the guests passed the afternoon most happily, the dainty dance programs recording twenty numbers. A list of those present included Mesdames Art, McCoy, Bessey Best, Bodiwart, Childress, Fitzpatrick, Ferguson, Hald, Harrington, Ilg, Merrill, Murchison, Stinson, Walker, Robert Salkeld of San Francisco, Prather, Carpenter, Woods, Thompson, Patterson, Gwynn, Straus, Fontaine, Alviset, Staniforth, Francis of Fort Worth and Gohlke.

### B. O. P. GRADUATES ENJOY DELIGHTFUL AFFAIR FRIDAY

Friday evening the B O P girls entertained in honor of those of their number who belong to the graduating class of '14 at the home of Mrs. Dan Hardy. In the decorative scheme the colors of the senior class and the B. O P colors had been cleverly intermingled The table in the dining room was spread with a Cluny lace cloth, centered by a mirror reflector on which was a mass of purple and gold phlox the class colors. Rising from the mass of blossoms was a slender cut glass vase, filled with pink and white roses carrying out the club colors The punch bowl was placed in a bower of ferns and flowers in the reception hall and at intervals all during the evening refreshing punch was served. The library parlor and living room were decorated with roses in the B. O. P. colors. The honorees of the occasion, the Misses Cora Lee Waggoner, Jewell Guillet, Mabel Williams, Beryl Murph and Carrie Roberts, were presented with dainty pink and white registers by Miss Tula Stokes, immediately upon their arrival and the guests registered in each book Programs for "Progressive Conversation" were then passed by Mrs. John Chambers and this formed the chief amusement feature of the evening. After some time was spent in this manner delicious brick cream in pink and white and cake was served. The event of the evening took place when Mrs Hardy presented her gift to the graduates, gilt-edged correspondence cards and a cluster of white carnations, the class flowers for each girl. Miss Stokes gave the toast of the evening, "To the Sweet Girl Graduate" to which all drank Miss Stokes' toast was as follows:

"Sweet girl graduate is a noun, very common at this time of the year but also very proper when Prof Vance is in room 11 She is the object of more attention just now than she ever had before and more than she is apt to get again in several days; if she is subject to anything except the giggles I haven't discovered it She is of the plural gender and hopeless case. I didn't mean for this to be a grammar lesson, because you're through with that sort of stuff I suppose there must go a good reason for the sweet girl graduate, like there is for everything else, but I don't know. Being a graduate may be something like the measles; nearly every one has to go through it sooner or later but there isn't any good reason for it. To return to our grammar lesson, I suppose sweet girl graduate has to have an object and with most of them it is to get a husband Perhaps that was what Kipling had in mind when he didn't write'

When the last commencement is over
and the last oration is said,
When we've told teachers how we do
love 'em and the last composition
is read—
We can rest and I guess that we'll
need it, lay off for a season or
two,
Till we each of us land us a husband
and he puts us to work anew
And there'll be no teachers to flunk
us, no examinations to pass,
Life's a domestic economy lesson but
only one in the class.

And I hope that you all will be happy
and that each of you will see
Safe journey into that country of
things as we'd like 'em to be"

During the evening entertaining vocal selections were given by Mr. and Mrs. Chambers, also instrumental music by Misses Cora Lee Waggoner and Beryl Murph. Those enjoying this delightful affair included Misses Annette Coffield, Milliken, Herron, Blaylock, Crabtree, Stokes, Roberts, Guillet, Stringer, Jacobs, King,

### CHRISTIAN LADIES AID FAREWELL TO MRS. HUFF

Monday afternoon the members of the Ladies Aid of the First Christian Church were the guests of Mrs. R. R. Hamlin and Mrs. J. E. Bond at the home of the former, Tenth street, honoring Mrs. C. C. Huff who is soon to move to Dallas. After the regular business of the meeting was over the roll was called and the members responded with humorous stories and incidents; some of these referring to the honoree. One especially noteworthy was an original poem in reminiscent strain by Mrs. Tyson. Following this a most delightful musical program was rendered. Mrs. May sang "The Rosary" very beautifully with piano and violin accompaniment. Then Mrs. Bradley at the piano and Miss Matheny on the violin rendered two numbers exquisitely. Kindly responding to special request, Miss Matheny then whistled "The Mocking Bird" and "Old Folks at Home" with the piano. These were all treats to music loving souls. Mrs Ross Duke then sang "Auld Lang Syne" the ladies joining in teh chorus. Mrs. Hamlin in her most gracious manner presented Mrs. Huff with a lovely bouquet of carnations and a dainty book on "Friendship," the gift of the Aid. Mrs. Huff responded in her own sweet way expressing appreciation. Delicious refreshments were served by the hostesses assisted by Mrs. Duke and Misses, Alexandre, Bullock and Hamlin. After these had been fully enjoyed the company were asked to stand and join hands. They then sang one verse of "God Be With You Till We Meet Again," and closed with the Mizpah benediction.

Miss Cook is one of the most accomplished musicians of the city and has a voice of remarkable clearness and beauty. The fact that she has been blind since her youth makes her musical ability and talent seem nothing short of wonderful as she possesses musical ability that would do great credit to any one in possession of the faculty of sight. As a teacher Miss Cook ranks high and the recital is looked forward to with much interest. The following program will be carried out: Duet, Master Wann Faunt Le Roy; (a) the Bells, (b) the First Waltz, Eula Mae Cook; the Robins Lullaby, Irene Brooks; duet, Mabel Morris and Ellen Adelle Robertson; (a) the Voice of the Heart, (b) Slumber Song, Emma Cassidy; (a) Cabaletta, (b) Mazurka Impromptu, Clara Carlisle; Love's Longing, Mabel Morris; (a) Traumer (b) Serenade, (c) Reverie, Allen Adelle Robertson; Adagio, Moonlight Sonata, Mrs. O. At the conclusion of the game, the dainty handmade towels, provided by the hostess as the souvenirs of the afternoon, were cut, Mrs. C. R. Hine and Mrs. J. C. Straus being the fortunate ones. A dainty luncheon was then served to the following guests, indebted to the gracious hostess and her charming sister for such an exceptionally pleasant afternoon: Mesdames Wiley Blair, Frank Blair, Cullinan, Duke, Gwynn, Hine, Clark of Dallas, Jungk of Mexico, Leicham, Marcus, Brin, Mittenthal, McGregor, Roberts, Sanders, Eugene Sherrod, Pat Le Smith, T. ### MRS. CRAVENS HAS FINAL SESSION OF THURSDAY BRIDGE

The final session of the Thursday Bridge Club until the first Thursday in October was held Thursday afternoon with Mrs. Harry Cravens as hostess. A session with Mrs. Cravens as hostess means an unusually pleasant afternoon and this meeting proved no exception to the general rule. In the living room in which the four tables were placed for the game of the afternoon, roses were the chosen flowers for the floral decorative scheme, a profusion of these flowers being used, both in artistic vases and baskets, the rose embowered room making a charming setting for the lovely spring toilettes of the guests. The rose predominated in the dainty score cards with which the progress of the game was marked. The favor of the afternoon, white silk hose, was cut for, Mrs. Eugene Sherrod being the fortunate one. Two new members were taken into the club membership, Mrs. Frank Cullinan and Mrs. Walter Robertson. At the conclusion of the game the guests were invited into the dining room and here pansies in purple and golden tones were given the preference. Three large bowls of pansies adorned the table at each plate a cluster of pansies were found, and the yellow tints of the flowers were reflected in the orange ice which was served. Those present were: Misses Chamberlain and Sherrod, Mesdames Roberts, Ed Prather, Wylie Blair, Frank Cullinan, Toney, Eugene Sherrod, McGregor, McCullough, Dent, Zundelowitz, Duke, Frank Blair and the hostess, Mrs. Harry Cravens.

Another enjoyable event in the round of commencement frivolities occurred Thursday evening when Mrs. W. L. Robertson entertained the seniors and the faculty of the high school for her son, Henry who is a member of the graduating class. The guests were welcomed by the hostess, Mrs. Elmer Filgo and Mrs. C. R. Hartsook. In the decorations roses were used in profusion throughout the reception suite, dark red velvety roses being used in the library, while in the dining room pink LaFrance roses were favored. Each of the guests brought some fond remembrance of their childhood days and by these remembrances the three fates told their babyhood, school days and future and as the story was told all guessed the identity of the one who was meant. After some time spent in this enjoyable manner all were given cards, directing them to look in a certain place following these directions a heart was found, bearing still other directions and yet another heart was found. Searching for the third time the favors of the evening were disclosed. These were boxes of candy, tied with purple and gold, class colors and containing hearts on which the fortune were inscribed. Music was furnished during the evening by Misses Beryl Murph, Cora Lee Waggoner and Celia Stayton. After several games in which the faculty took part, the class, so pelasantly honored, sang to the hostess a song composed especially for her. The guests were then invited to the dining room and the porch and delicious ice cream with crushed strawberries and cake was served. The bride and groom were blindfolded a "kitchen bouquet" placed in the bride's hand and they headed the procession. On reaching the dining room the bandages were removed and the surprised couple beheld on the table a huge pile of tissue wrapped bundles. The Just So Club met at nine o'clock Saturday morning at the very pleasant home of Mrs. M. J. Gardner, for the purpose of quilting the "Philathea" quilt. The quilt is a beauty and the club will sell it, the money to go into the money to go into the Philathea treasury. It will be on display in a window down town some time in the near future. Those of the Club deserving special mention for their work are: Miss Bolton who quilted holes in her thimble; Miss Barwise, whose left hand fitted in charmingly; Miss Downing whose strawberries fitted in charmingly also; and Mrs. Shelton, who worked hardest to earn the after dinner nap. After a delicious pineapple sherbet, the meeting adjourned with many thanks to Mrs. Gardner and family for the gracious hospitality shown. Those who attended were: Misses Edwards, Bullard, Coffield, Barwise, Bolton, Smith, Barrier, Gardner, Wilkes Martin, Downing, Mesdames Walker Shelton, Billingsley, MacDowell, Higgins, Jenne, Hartsook and Gardner.

#### WATSON-FERGUSON NUPTIALS CELEBRATED AT ELECTRA

Two of Electra's best known and most popular young people were united in marriage Tuesday afternoon when Miss Pansy Ferguson became the bride of Ralph Watson. The ceremony which was performed at the bride's home at Electra was a quiet one, being attended by only the relatives and close friends of the contracting parties. Rev. W. Huckaby of Electra performed the ceremony. The bride was attired in a traveling suit of blue with hat to match and the idea of simplicity was carried out in that neither bride nor groom was attended. The Ferguson home was prettily decorated for the occasion, flowers being employed in profusion. Following the ceremony there was an informal reception, punch being served. In few Wichita county weddings have the bride and groom been the objects of such universal esteem and affection as these two young people and the heartiest good wishes of a wide circle of friends accompany them. The bride has resided in Electra for five years and has been one of that little city's most popular girls, being possessed of unusual charm and accomplishments. The groom formerly resided at Corsicana, but has been connected with one of the oil companies at Electra for some time past; he is a young man of many admirable uqalities, in every way worthy of the bride he claimed Tuesday. # EST WHEAT CROP IN HISTORY AWAITS BINDERS

## TS RECEIVED M MANY POINTS

EST TEXAS AND SOUTH-OKLAHOMA PROSPECTS BEST IN YEARS

## MACHINERY IS SHIPPED

ons Under Way For Harvest ch Will Start at Many Places This Week

iggest wheat crop in history ing the binder and thresher hwest Texas and Southwest-lahoma, according to reports from many points in that by The Times. Generous st winter and during the served to give the growing stand that makes the outlook vorable.

every point comes word that will be scarce unless hands are ed and it may be that scarcity p will cause inconvenience in quarters However, commercial ations and business men are g their efforts already to te this condition.

imtaes of Wichita county's crop blished in The Times several ago have not been materially ed by those in touch with the tion This estimate was of an ge of 85,000 with a probable av-e of fifteen bushels making Wich-county's yield 1,275,0000 bushels most conservative estimates ex-the million bushel mark and e are not a few who believe that illion and a half bushels will be vested within the limits of Wich-county. One local grain man culates that about two million hels will be marketed in this nty but this estimate includes re-pts from adjoining counties.

The reports could scarcely be more ttering and a tone of optimism such has not been noted in years is en in the letters published below.

On every side preparations for the rvest are under way A report om Tillman county says one farm-has already started his binder and d it not rained in various parts of his section last week there is little doubt that the harvest would have started in many fields The end of this week will see the binders going in many sections and by the middle of June a large part of the wheat of Northwest Texas and Southwest Oklahoma will have been cut Threshing will start as soon as conditions warrant

Dozens of carloads of binders and other harvesting machinery have been shipped to this section, a large part of the equipment being hauled through this city Several new thresher outfits have been purchased to handle the crop and the beginning of the harvest season will find the farmers well equipped

Some time ago The Times addressed letters to newspaper men and others in touch with the situation throughout Northwest Texas and Oklahoma asking for information as to the crop. These reports are published in The Times today.

### ACREAGE OF 40,000 IN CLAY COUNTY REPORTED

Henrietta, Texas—The best estimate of wheat acerage possible to make is 40,000 acres This is one-sixth of the cultivated land in the county, some portions have a much larger proportion than this but there are other portions, especially in the extreme southern and southeastern parts that grow no wheat. The yield will probably average twenty bushels per acre, though there are some who say it will be twenty five and others say eighteen. It is affirmed by all that we have the best wheat crop in many years. (Signed)

CYRUS COLEMAN.

### 9,000 ACRES IN BAYLOR COUNTY, WITH GOOD YIELD

Seymour, Texas—In the Westover and Round Timber country there are about 3,000 acres of wheat, about 2,000 in the southwest portion and about 3,000 northwest of Seymour Other portions would have 1,000 more, making a total of perhaps 9,000 acres in the county Prospects now point to a yield of twenty bushels or better to the acre The oat acreage is for the most part in small tracts, planted with the idea of securing some early feed There are 2,000 acres in the county and it should yield forty bushels to the acre There is ample help in the county to handle the grain crop, provided it could be utilized at that time But continued rains have made spring crops late and it is very probable that all hands that might come here for work could secure it Most grain in this county is late and harvesting will not begin generally until about the 10th of June. (Signed)

O C. HARRISON.

### LARGEST YIELD IN YEARS PROMISED IN WISE COUNTY

Definite information as to acreage and yield in Wise county is not available but the editor of the Boyd Index reports that in the south end of the county the acreage is ten per cent above the average and that if it is well saved the yield will be the largest in years. The harvest will start this week if favorable weather prevails the report says

### COLLINSWORTH COUNTY HAS 10,000 ACRES IN WHEAT

Wellington, Texas—The number of acres in wheat in Collingsworth county is 10,000; oats possibly half as much The average yield of wheat will be around twenty-seven bushels per acre Harvest will start about the 20th or 25th of June It is believed farmers will be able to secure the necessary labor (Signed)

LEADER PRINTING CO

### NEARLY 30,000 ACRES PLANTED IN FOARD COUNTY

Crowell, Texas—A complete canvass of every farm in this section shows that 28,694 acres are devoted to wheat in Foard county It is estimated that this acreage will produce about 650,000 bushels of grain or a little more than 22½ bushels per acre Other crops in the county present an excellent appearance also and with the recent rains in this territory there is every indication that Foard county will enjoy a banner year.

### ALL CROP PROSPECTS IN HASKELL COUNTY GOOD.

Haskell, Texas—The acreage of crops in Haskell county is estimated as follows: Wheat 40,000 acres, will average twenty bushels, may go to thirty. Oats 15,000 acres, will make average sixty bushels There is an immense crop of maize and kaffir corn up to a good stand. There is a large acreage of cotton up to a good stand. Harvesting will begin about June 10th. Have had splendid seasons and prospects were never better (Signed)

OSCAR MARTIN.

### MILLION BUSHEL CROP IN SIGHT IN WILBARGER

Vernon, Texas—Wilbarger county's wheat crop it is believed will be well above a million bushels this year The acreage is estimated at 50,000 bushels and it is believed the yield will be around twenty-two bushels Harvest will start about June 5

### 60,000 ACRES WHEAT IN JACKSON COUNTY, OKLA.

Altus, Okla—While it is rather early yet to place an estimate on the wheat crop for Jackson county, indications point to the best wheat year since 1903. That year was the best wheat year ever known in the country and it was followed by another fairly good one in 1906 though too much wet weather badly curtailed the crop that year There are approximately 60,000 acres planted to wheat in Jackson county. While the greater part of it was planted for winter pasture and most of it was pastured as heavy as it could stand, it is in fine condition and if nothing happens to prevent will yield a bountiful harvest If not a bushel of grain is harvested from any of the acreage planted in Jackson county the wheat will have paid for itself many times over in winter pastures for many of our farmers could not have possibly wintered their stock through without it The writer examined a dozen fields of wheat in the vicinity of Elmer, Okla, in the southern part of the county Friday and estimates the yield at from fifteen to twenty-five bushels to the acre on an average Where the land is good the wheat has made a splendid stand with heads from four to six inches in length, running three grains to the mesh In these good spots it is from waist to shoulder high to an average man There are other fields, however, where the grain runs from a foot to eighteen inches in height with small heads from 1½ to 2 inches long, with two grains to the mesh On an average it should make twenty bushels to the acre but many believe this is too low There is one fault to be found with the wheat planted in Jackson county and this fault obtains all over the county; it is badly mixed Hard and soft wheat grow together in the same field so mixed that it is impossible to tell what the farmer thought he was sowing. There are many varieties, too of both grades This will not only have the effect of reducing the price to the farmer from fifteen to twenty cents on the bushel but it is also bad for the miller, for wheat must be either hard or soft to be made into flour Seed wheat was hard to get last fall and millers and grain buyers were compelled to accept anything they could get to supply the demand In the past three weeks copious rains have fallen, in fact, for the past week there has been rain all over the county most every day. This has been good for the wheat which is now in the "dough" stage There is some complaint of rust in certain parts of the county but not sufficient to hurt The rust has appeared only on the leaves and of the several fields examined by the writer Friday none was found on the stalk The wheat crop in Jackson county taken all in all, could not be in better condition (Signed)

HORACE W SHEPARD

### TILLMAN COUNTY HARVEST WILL BEGIN THIS WEEK

Frederick Okla—Tillman county will begin Monday the harvesting of the biggest wheat crop in its history With an acreage fully fifty per cent larger than last year's and indications all pointing to a wonderful yield there is every prospect now that within a very short time a stream of cash running high into the hundreds of thousands of dollars will be turned into the pockets of the farmers of this county The wheat acreage in Tillman county is estimated at 70,000 acres A conservative estimate places the yield at twenty bushels to the acre This will mean a total of 1,400,000 bushels The oat acreage in the county is not large and would be difficult to estimate it is not nearly as large as last year's but the crop is in good condition, taking the county over Many fields give promise of yielding forty bushels to the acre The county will need help in the way of labor in harvesting this immense wheat crop By the middle of next week it is highly probable that there will be work somewhere in the county for every man who comes here seeking employment Work in the alfalfa fields was resumed Saturday and is now on in earnest It had been stopped by the heavy rains Friday, Saturday and Sunday a week ago These rains caught several hundred acres of cut alfalfa on the ground in Tillman county and damaged it to some extent However, the owners are baling this and most of them will store it, either to feed to their own stock or to save for shipment next winter when hay becomes scarce Many fields are undergoing their first cutting while others which were cut earlier are rapidly producing a second crop (Signed)

J L. NEWLAND

### HALF MILLION BUSHELS EXPECTED IN ARCHER COUNTY

Archer City, Texas—Archer county farmers are preparing to harvest a half million bushel wheat crop this year The crop will be the largest ever grown here Approximately 25,000 acres are sown in wheat and the yield will be between eighteen and twenty bushels The season has been very favorable for upland wheat most of Archer county's crop being of this character and the heavy rains have done little if any damage Harvest will start as soon as the ground becomes dry enough for the operation of binders Farmers have already taken a profit out of their wheat and oat crops from the winter pasturage the high price of cattle having made this possible Whatever the farmers get out of their wheat crop will be "velvet." Conditions are better in Archer county than for many years

### RAIN CHECKS HARVEST STARTED IN YOUNG COUNTY

Olney, Texas—Wheat cutting which had started here Thursday was stopped by the rains Friday and Saturday and will be resumed as soon as the ground dries off so binders can be operated Estimate of the wheat acreage in Young county are around 22,000 acres The prospective yield in this section is twenty bushels per acre

### BOTH ACREAGE AND YIELD LARGE IN COMANCHE COUNTY

Lawton, Okla—The estimated wheat acreage in Comanche county is 45,000 to 50,000 with from 20,000 to 25,000 oats acreage. The prospective wheat yield, average is twenty to twenty two bushels Help will be scarce from present indications Harvest should start about June 10 (Signed) E L GREGORY.

## CLOSING EXERCISES OF THE HIGH SCHOOL

### CLASS DAY PROGRAM FRIDAY AFTERNOON BEGINS THE FESTIVITIES

## ARE TO HEAR SERMON TODAY

### Diplomas Will Be Awarded Monday Night—Other Features Mark Close of School

The first of the high school commencement exercises was the observance of class day on Friday afternoon at the high school auditorium. Although it seemed as if the sky itself would come down at the time set for the exercises, a good number was in attendance and the rain in no way interfered with any of the proceedings planned with the exception of the interment of the old school books of the graduates.

The first thing on the program was an address by Prof. Carpenter, superintendent of the city schools, who spoke of the future and the promises it held in store for the graduates who were just stepping out into the world. This address was followed by the class song which was composed by Vira Hinckley, class poetess and sung to the tune of "School Days." Piano numbers were contributed to the program by Beryl Murph and Cora Lee Waggoner and violin numbers by Lola Norris and Jewel Guillet of the graduating class. The high school quartette composed of R. Pond, C. Butts, L. Dougan and C. Smith then gave a selection.

**Class Prophecy Is Read.**

The class prophecy was read by Bernice Landers and the secretary of the class, Celia Slayton, read the characteristics of the members of the class. The feature of the afternoon's program was the presentation of the class gifts by the class comedian, Carrie Roberts. These gifts were suited to the one to whom presented, reflecting some hobby or characteristic and the comedian accompanied the presentation with an appropriate original verse. The reading of the class of 1914's last will and testament was followed by the presentation of the senior class key to the president of the class of '15. Clyde Smith made the presentation and Ralph Pond responded as president of the class of '15.

**Will Bury the Books.**

The books were then placed in a receptacle on the platform to be interred at some future time when the weather will permit.

Saturday evening a banquet was held at the Westland accompanied by the usual toastmaking and speeches. Tentative plans were made looking forward to a permanent Alumni Association of the W. F. H. S.

The baccalaureate sermon will be delivered today at the First Presbyterian Church by Dr. J. L. McKee. The commencement night exercises will be held Monday evening at the Wichita Theatre at which time the diplomas will be given. Judge Odin Speer will deliver the commencement address. The graduates have planned a picnic at the lake for Tuesday night as a grand finale to the year and merry making.
